

Hugo Flores García

email: hugofloresgarcia@u.northwestern.edu

website: hugofloresgarcia.github.io // **github:** github.com/hugofloresgarcia

BIO

I'm a researcher at the intersection of machine learning, music, and human computer interaction. My interests include sound event detection, audio source separation, and designing interfaces for inclusive music creation.

EDUCATION

Northwestern University

Ph.D. in Computer Science

Evanston, IL

2020 - Present

Georgia Southern University

B.S. in Electrical Engineering

Statesboro, GA

2016 - 2020

EXPERIENCE

Northwestern University

Research Assistant

Evanston, IL

2020.08 - present

- Advisor: Bryan Pardo

Audacity (Google Summer of Code)

Developer

Remote

2021.05-2021.09

- Source Separation and Extensible Deep Learning Tools

Georgia Southern University

Research Assistant

Statesboro, GA

2018.08 - 2020.05

- Advisor: Fernando Ríos

PUBLICATIONS

1. H. Flores Garcia, A. Aguilar, E. Manilow, D. Vedenko, and B. Pardo. Deep learning tools for audacity: Helping researchers expand the artist's toolkit. In *5th Workshop on Machine Learning for Creativity and Design at NeurIPS 2021*, 2021
2. H. Flores Garcia, A. Aguilar, E. Manilow, and B. Pardo. Leveraging hierarchical structures for few-shot musical instrument recognition. In *Proceedings of the 22nd International Society of Music Information Retrieval Conference*, 2021

OPEN SOURCE SOFTWARE

Audacity (Audio Editor)

Developer

2021 - Present

We provide a software framework that lets deep learning practitioners easily integrate their own PyTorch models into the open-source Audacity DAW. This lets ML audio researchers put tools in the hands of sound artists without doing DAW-specific development work. See <https://interactiveaudiolab.github.io/project/audacity.html>.

torchaudacity

Lead Developer

2021 - Present

PyTorch wrappers for using your deep model in Audacity, and sharing it with the community! See <https://github.com/hugofloresgarcia/torchaudacity>.

torchopenl3

Lead Developer

2020 - Present

A PyTorch port of the OpenL3 audio embedding model. See <https://github.com/hugofloresgarcia/torchopenl3>.

Philharmonia Dataset

Lead Developer

2020 - Present

PyTorch dataset bindings for the Philharmonia Orchestra sound samples. See <https://github.com/hugofloresgarcia/philharmonia-dataset>.

TALKS

Leveraging Hierarchical Structures for Few-Shot Musical Instrument Recognition

ISMIR 2021

November 9 2021

Deep Learning Tools For Audacity: Helping Researchers Expand the Artist's Toolkit

Bay Innovative Signal Hackers (BISH) Bash

October 27 2021

HONORS AND AWARDS

Cognitive Science Fellowship

Northwestern University

2020 - 2021

Lewis and Charlene Stewart Jazz Scholarship

Georgia Southern University

2016 - 2020

Coastal Jazz Scholarship

Coastal Jazz Association

2019

Undergraduate Research Grant

Georgia Southern University

2018

Honors Program 1906 Scholarship

Georgia Southern University

2016-2020

SKILLS

- **Programming Languages** - *Expert*: Python, C++ , *Intermediate*: Javascript
- **Machine Learning** - *Expert*: PyTorch, Scipy, Numpy, Scikit-learn
- **Creative Coding** - OpenFrameworks, P5js, SuperCollider, Max/MSP
- **Music Production** - Logic Pro, Avid ProTools
- **Languages** - I can read/write/speak English and Spanish proficiently.

TEACHING

Teaching Assistant

Northwestern University

Fall 2021

EECS 349 – Intro to Machine Learning

Teaching Assistant

Georgia Southern University

2018 - 2019

Electric Circuit Analysis

SERVICE

Board Member

Latin@CS - Northwestern University

Fall 2021
